Adonai Luque

FULL STACK WEB DEVELOPER

I'm a small business owner turned Web Developer at middle age following a passion for solving problems and building software products with the tools and infinite possibilities that this industry provides.

I love challenges and want the opportunity to develop my career, to gain experience, to deepen my knowledge, to learn new technologies and to be part of a team of passionate developers.

Work Experience

CO - OWNER

Fibras Naturales del Peru
2001 - present

FINAPERU is an apparel company that manufactures organic peruvian cotton clothing.
This company started as a workshop around mid 90's and grew to become a medium sized company that exports to North America, Europe and Asia and to be one of the top companies of Peru in its market.
